

HiredScore AI for Recruiting

Empower recruiters and hiring managers with frictionless, faster and smarter hiring.

HiredScore AI for Recruiting works seamlessly with Workday Recruiting. The combined solution takes a deep understanding of your jobs and talent, to deliver data-driven, streamlined processes and timely notifications that reduce administrative burdens, elevate decision-making and increase capacity for valuable interactions with top talent.

Recruiter Elevation

HiredScore AI for Recruiting enables recruiters to prioritise top talent. Candidate grading ensures fair and efficient talent prioritisation through unbiased, AI-driven analysis. Automatically rediscover highly qualified, likely-to-apply talent for open roles from your existing talent pools, surpassing traditional sourcing.

Microsoft Teams hiring manager experience

Trusted, Responsible AI

Success with AI requires working with partners and solutions that prioritise trustworthy AI development, including a focus on explainability and transparency. HiredScore AI for Recruiting supports candidate reviews, prioritisation and rediscovery to hiring teams in a manner which helps to mitigate bias. Our AI provides bias auditing and is fully transparent, enabling recruiters and managers to hire fairly and understand the rationale behind their decisions.
